

INTERNATIONAL MEDICAL NURSE LICENSING ENGLISH EXAM PREPARATION WITH OET

Lv. 2

Convenient Empowerment of Knowledge for Healthcare Professionals

OET is a globally recognised medical English exam which allows non-English speaking nurses to apply for nurse licences in English speaking countries and/or work inside private English-speaking hospitals. OET is preferred by nurses worldwide with its specific use of medical terminology compared to other English exams.

Overview

OET has test centres globally.

Your OET course will be taught in English by a highly qualified OET teacher from the United Kingdom. The course will be delivered over Zoom at a convenient time outside normal working hours.

Level 2 Entry requirement:

CSE 5/6/ IELTS 5.5 / Mid B2

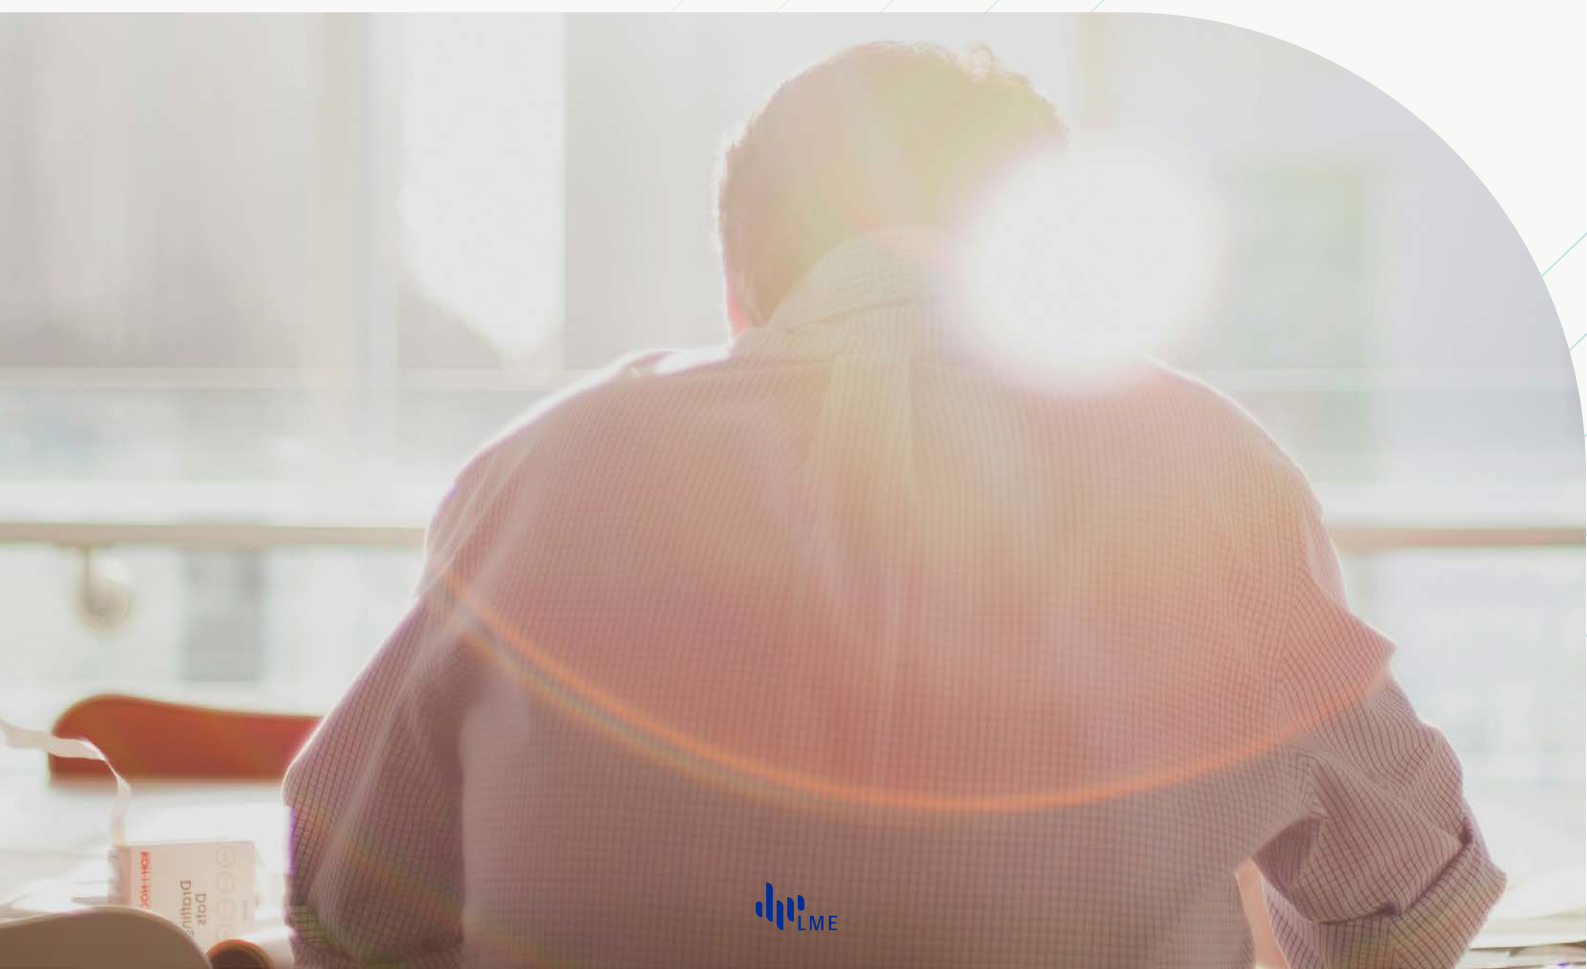

Scan QR code and complete the online English evaluation to check your current English level. If your English level is higher than Level 2 entry requirement you can move straight to Level 3.

Total Score	Level	CEFR level
0-9	Beginner	A1
10-19	Elementary	A1+ to A2
20-29	Pre-intermediate	A2 + to B1
30-39	Intermediate	B1
40-49	Upper-intermediate	B2
50-60	Advanced	C1

Level 2 is for those who can understand and communicate reasonably well in most common situations in work and life. You can describe experiences, events and hopes, and can explain your opinions and plans.

On this course, you build a foundation in the English you need for OET.
